MEMORANDUM FOR: Assistant Director, Office of National Estimates

SUBJECT: Contribution of Geographic Research Area, ORR
to NIE 11-4-58

1. We understand that certain unsolicited contributions to national estimates prepared by the Geographic Research Area have been well received. As you may know these have been submitted on a somewhat experimental basis since we are not yet quite certain how the effort of our Geographic Area might best contribute to the preparation of national estimates.

2. In this connection, we have attached a geographic evaluation of the Soviet Core Program as a contribution to NIE 11-4-58. This evaluation, relating to Development in agriculture (Section II D of the terms of reference for the estimate), supplements a contribution by the Economic Research Area on this subject.
